Dear Dr. Grover:

Your letter of 30 September 1954 concerning the destruction of Alien Selective Service Records, with the exception of those classified IV-C, has been received and its contents carefully reviewed.

In view of the fact that the records of aliens classified in IV-C are to be retained, and that Immigration and Naturalization Records duplicate information on other aliens, it is the opinion of this Agency that our mission would not be materially impeded by your proposed course of action.

If this Agency can be of further assistance, please advise us and we will cooperate with your service in any matters of mutual concern.

Sincerely,

SIGNED
